## Some baselines for our future:

- An ability to be agile, flexible and innovative is a mandate for future learning.
- The learning culture of the community needs to be embedded within the DNA of the school.
- Changing culture is hard work!
- Developing innovative practices is hard work!
- Thinking we can do the same things to meet new and different outcomes is the definition of....
- Some innovative play spaces or tinkering spaces or thinkering spaces can be a catalyst for innovation and provide various ways of students expressing and communicating.

What is our core

...

“You never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete.”

Buckminster Fuller
